GEMs sustain United Way

United Way of Missoula County GEMs provide monthly support through easy, consistent giving. This provides the steady, reliable support we need to fight for the education, financial stability and health of every person in our community.

Why be a GEM? Sign up once, and free your mind from having to worry about your giving—our secure automated process will take care of it each month.

Annually, GEM gifts make an impact:

- For as little as \$10 a month, you can change and improve lives right here at home.
- Adjust your gift amount at any time.
- Here's what your monthly gift can do:
 - \$13 a month provides 5 years of Imagination Library books for a local child.
 - \$25 a month provides 3 child care facilities with cleaning supplies and disinfectant to protect the health of children and caregivers.
 - \$50 trains a trainer for Project Tomorrow Montana, who will train hundreds of others to offer help and hope in our community to people suffering from depression.
