

## What is Missoula SUD Connect (SUDC)?

*SUDC is a community-wide approach to addressing Substance Use Disorder through prevention, treatment and recovery in collaboration with enforcement.*

*Our focus is on identifying needs and gaps and creating measurable, feasible action plans to fill those gaps and implement systems-level changes.*

**To achieve this, SUDC will start by developing a plan to:**

- ◆ Improve agency coordination and collaboration through the development of shared goals on the part of healthcare providers, social services, the justice system, and corrections department.
- ◆ Increase effective integration of evidence-based substance use prevention and public health strategies that reduce new cases of Substance Use Disorder.
- ◆ Increase access to timely Substance Use Disorder treatment and care.
- ◆ Strengthen the continuum of care (prevention, treatment, recovery) to effectively manage Substance Use Disorder in Missoula County.
- ◆ Identify existing, and potential, funding and resources that are designated to achieve the goals of reducing drug-related crime and addiction in Missoula County.

# Phase 1 Working Group

## Coalition Leadership / Expert Staff

The Working Group will be composed of expert, boots-on-the-ground leaders who represent the continuum of care in Missoula County.

### During Phase 1, the Working Group will:

- ◆ Participate in a Stakeholder Retreat, and meet monthly as SUDC is developed, potentially meeting more often;
- ◆ Recruit other Working Group members as needed/desired;
- ◆ Work toward formulating the Missoula Substance Use Disorder Connect (SUDC) coalition plan, with input from the Leadership Roundtable;
- ◆ Manage Working Group activity planning, monitor progress and update the coalition's work plan annually;
- ◆ Identify gaps, research best practices, seek innovative solutions and secure community input;
- ◆ Ensure that the various task forces have the resources they need.

*Working Group members will identify current and future industry trends; build sustainability for coalition activities; collaborate on funding opportunities and build relationships.*
