Welcome (Mayor Engen)

How we got here -- Billings through the present (Susan Hay Patrick)

Representing the U.S. Department of Justice (Jen Clark)

Three perspectives on the impact/intersections of substance use disorder in Missoula County:

- **Criminal justice, the foster system, and the involuntary commitment system** (Kirsten Pabst)
- **Health care challenges: lack of treatment resources, regulatory burdens, and lack of coordination** (Janna read Meghan's comments)

Introductions by participants who have not yet spoken (Janna + All)

- Name, organization, and one impact of substance use disorder in your world

Define SUDC's focus (Janna)

SUDC's communication and collaboration with other coalitions (Janna)

- Particularly: Strategic Alliance and Community Justice Department/Community Justice Coordinating Council
- Acknowledge Terry Kendrick and Shantelle Gaynor

The needs assessment in the works (Shannan)

- Please encourage members of your organization to complete the survey if they receive it. We want the final report to be complete.

Moving forward:

- Completion, review, and circulation of the **needs assessment**
- One- or two-day **strategic planning** in August or September; possible dual planning for in-person and/or virtual
- **Regular meeting** time, in-person vs. virtual (Doodle poll)- TBD
