United Way of Missoula County Named “Nonprofit of the Year” by Missoula Area Chamber of Commerce

MISSOULA, Mont. — United Way of Missoula County has been named the 2025 Nonprofit of the Year by the Missoula Area Chamber of Commerce, recognizing the organization’s outstanding leadership, community impact, and longstanding partnership with local businesses and nonprofits.

The annual Chamber Banquet awards, held October 15 at the Hilton Garden Inn, celebrate organizations and individuals that exemplify excellence in their industries and contribute to the overall vitality of the Missoula community. United Way of Missoula County was honored for its role as a convener of local partners, driving initiatives that improve education, health, housing, and financial stability for Missoula-area residents.

“Being selected as the Chamber’s Nonprofit of the Year is a tremendous honor for our United Way,” said Susan Hay Patrick, CEO of United Way of Missoula County. “Like the Chamber, United Way works to preserve and enhance the quality of life in Missoula — with the strong support of the business community, we help kids succeed in school and life, we improve the health of families, we work to end homelessness, we strengthen the local nonprofit sector, and we make our community more resilient. As longtime Chamber members, we understand the significance and honor all that this ‘seal of approval’ from the Chamber represents.”

For more than 90 years, United Way of Missoula County has united local businesses, government agencies, and nonprofit partners to address pressing community challenges and create lasting solutions. From early childhood education and mental health programs to housing stability and crisis response, United Way’s collaborative approach makes a measurable difference for thousands of Missoulians each year.
